## KHS Q & A: What is your favorite thing about spring at KHS?

With numbers growing to nearly 50 students, the Construction classes have found many ways to challenge and engage the young builders. This year students are building three sheds for community members, sets for the musical, an outdoor game for KMS, a garden fence, and a special garden shed for the Stoelting Company. Mr. Ted Bonde, Construction teacher, says, "Each year we try to build projects from the community so that we can teach students on full size items." Community members who are willing to inspire young builders with ideas or needs for projects are encouraged to call Kiel High School.

**Kelsey Maurer, Senior**  
"The fact that school is almost over and summer begins."

**Peyton Koppenhaver, Junior**  
"Prom!!"

**Mckenzie Biwan, Sophomore**  
"The flowers out front."

**Isaac Isselmann, Freshman**  
"Going out and enjoying the courtyard."

Zielanis first graders teamed up with their pen pals from Elkhart Lake Glenbeulah Elementary School to collect food to donate to the local food pantry. The first grade classes set a goal of how many nonperishable food items they thought they could collect. Through a video conference, the classes surprised each other by exceeding their goals. Together they collected 317 items to donate to the Kiel Food Pantry! It was wonderful to see how excited the students were to make a difference in their communities.

Mrs. Mary Lusk's Freshmen English students attended a formal ball in English class this spring. The ball was meant to enhance the students' reading of the Capulet party scene in William Shakespeare's Romeo and Juliet. As students read the scenes in which Romeo meets his fair lady, they were able to sample foods from the era and even learn the famous "Pilgrim and Saints" dance.
