The Kiel eSchool has existed for the last twenty years and continues to provide an online experience for students that wish to attend school in a non-traditional setting. Students from all over the state work with a vast network of teachers to ensure a high quality experience. Kiel eSchool meets the individual needs of our learners and thrives on flexibility for students and families.

The statement above is provided by the school. It is not an evaluation by the Wisconsin DPI.

#### **Report Cards without Scores**

Some schools, because of size or grade range, do not have enough data to receive a score. Public schools with insufficient data participate in an alternate accountability process. Private schools with insufficient data are not rated.

### **ACHIEVEMENT**

This priority area summarizes how this school's students performed on state assessments using a points-based proficiency system that gives partial credit for Basic test performance and extra credit for Advanced performance. The score is a multi-year average of English language arts and mathematics subscores.

#### **GROWTH**

This priority area measures year-to-year student progress on statewide tests. It uses a value-added model that seeks to control for circumstances beyond the influence of educators. A high value-added score means that on average students in the school are progressing more quickly than other, similar students. Growth is scored from 0 to 100 to match the other priority areas and is a conversion from the roughly 0 to 6 value-added score.

### **Priority Area Score**

English Language Arts Score: NA

Mathematics Score: NA

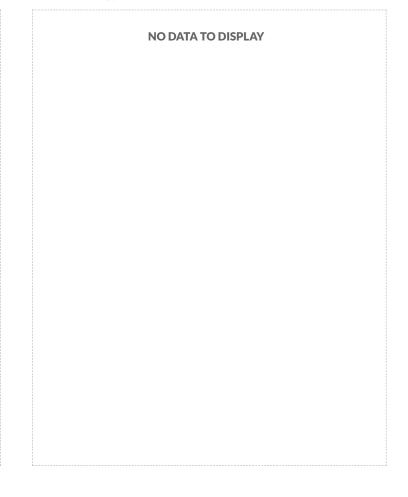

### **Student Group Value-Added (for information only)**

Value-added scores cover an approximately 0-6 range. Higher scores mean greater positive impact. A score of 3.0 is average. Group size is shown in parentheses. Groups with fewer than 20 students are not displayed. Shaded boxes indicate higher-than-average scores.

#### **TARGET GROUP OUTCOMES**

This priority area examines outcomes for students with the lowest test scores — the Target Group. It is designed to promote equity by helping schools focus on learners who need the most support while also improving outcomes for all students. The priority area score combines component scores for achievement, growth, chronic absenteeism, and attendance or graduation rate. Data are not displayed when target groups have fewer than 20 students.

### **POSTSECONDARY PREPARATION, 2019-20**

Section 115.385 (d)1.-5., Wis. Stat., requires report cards to include data on pupil participation in various postsecondary preparation opportunities. All data are for grades 9-12. This is for information only and does not affect scores. Course and program data are reported by schools and districts to DPI, and this is the first time these data are included on report cards. Please use caution when interpreting these data. Asterisks replace all-student participation data if the school enrolled fewer than 20 students.
