First week of school

The long anticipated wait is over as we welcome back our students and staff to the Kiel Area School District! I hope that everyone had the chance this summer to spend some well deserved time with family and friends. My name is Brad Ebert and I am proud to be the District Administrator of this progressive school district as well as being part of this fantastic community.

The Kiel Area School District has so much to be proud of. Our academics and extracurricular activities continue to be strong and our attitude is positive. As we begin the 2017-2018 school year, we are excited to welcome twenty-one new staff members to our team, as well as the rest of the staff, students and community that help make our school district great!

As the school year began, I was able to spend quite a bit of time in our schools and at events and I immediately noticed a positive energy among students and staff. Kiel provides a welcoming and personalized environment which is evident in classrooms and a sense of school spirit is noticed at all events.

As the school year unfolds, I will be sharing with the community district successes in my bi-weekly articles to highlight the exciting and progressive learning taking place in the Kiel Area School District.

Dr. Brad Ebert  
District Administrator
